EXPERIENCE

Fullstack Developer Intern

Mar 2022 - May 2022

The Sparks Foundation, Gujarat, India

- Collaborated in a dynamic team to develop and maintain scalable web applications using ReactJS and ExpressJS.
- Designed and implemented responsive front-end interfaces using Html, Css, ReactJS, NextJS, TypeScript, and integrated Bootstrap and TailwindCSS.
- Ensured seamless data transmission and state management by integrating front-end and back-end technologies.

PROJECTS

Ecommerce Website

- Developed a fully-functional eCommerce website using React, React Redux Toolkit, and Vite.js, optimizing site performance and user experience.
- Utilized Postman for API testing and management, ensuring robust backend connectivity and seamless data exchange.
- Implemented advanced state management with Redux for an interactive shopping environment.

Artzy Website

- Created "Artzy," a dynamic website showcasing various art pieces, with Html, Css, JavaScript, and Bootstrap for a responsive frontend.
- Implemented a robust backend server with Node.js and ExpressJS, handling requests and performing CRUD operations with MongoDB.
- Leveraged GitHub for source control and deployed the website on Cyclic.

To-Do App

- Built a to-do app using React and TypeScript to manage tasks, including active and completed states.
- Implemented drag-and-drop functionality with 'react-beautiful-dnd' for task management.
- Enhanced user experience with a seamless and intuitive interface.
